ARRIVE ALIVE

- A Highway Code for Young Road Users

The Arrive Alive Booklet is a valuable resource that can be used all year round and not just for Walking Activities.

However, of particular use with walking in mind, is the section on Walking (pages 4 to 13). Within this section is **The Green Cross Code** on pages 6 & 7, which we hope all children will have some knowledge of.

This booklet includes examples of Instructions, Instructional Text, Imperative Words, or Information Text!

This way you can help your children to learn, understand and use **The Green Cross Code**.

The Arrive Alive Booklet, together with other materials, can be ordered **FREE** from the Department for Transport by:
