

## CAR SPACE OUR SPACE?

### DISCUSSION QUESTIONS

Would you like to spend less time in a car? Why?

Are we becoming a car dependent society?

Does it surprise you that there is three times as much pollution inside a car than outside in the street? Why?

Would you like to spend less time in a car? Why?

What do you want towns of the future to look like?

Do you think more space should be given to people who are walking or cycling? Why?

Do you think the space occupied by cars should be used for parking or for something to make the town more interesting, useful or attractive? Why?

Discuss different uses of the space given to car parks in towns. How would you like to see the space used?
