

1. About Modeshift Stars

Modeshift STARS (Sustainable Travel Accreditation and Recognition for Schools) is a national schools awards scheme that has been established to recognise schools that have demonstrated excellence in supporting cycling, walking and other forms of sustainable travel. The scheme that rewards schools for their participation.

Modeshift STARS is not a new initiative for schools, it is simply a new and improved method of planning, monitoring and reporting on activities that are delivered to increase levels of sustainable transport. It therefore compliments all other existing travel to school initiatives by acting as an umbrella scheme that rewards schools for taking part in them. Having JRSOs at your school can help you get started on the Modeshift STARS scheme.
