

NEWS

Let's get started!

Welcome back. Hope you've had a great summer holiday.

- Get started on the Junior Road Safety Officer scheme this year and appoint 2 JRSOs from Year 5 in September. The scheme runs best in the schools where the JRSOs have an enthusiastic helper in school (a teacher, TA or parent).
- The main method of communication with school and JRSOs is via email. Or information on the Roadwise website. www.roadwise.co.uk
- Organise a meeting with new JRSOs. Decide where you can have a notice board and introduce the JRSOs at assembly. Start a file/ diary to record your activities. There are prizes for the best school diaries in July.
- Get the JRSOs to organise their first competition in school.
- The JRSOs will be given themes on which to base their work each term.

Resources

The JRSOs will be supported in their work by the Road Safety & Travel Awareness team. Information and resources will be regularly updated on the Road wise website www.roadwise.co.uk

The JRSOs will receive a handbook, badge and other resources when your school is registered for the 2016/17 scheme.

To register on the scheme or to find out more contact:

Ann Smallwood Road Safety and Travel Awareness Officer
